Sparkling Cocktail Ideas For Any Soiree

(NAPSA)—A few simple tips can help you add some sparkle to this season's celebrations.

Transform ordinary cocktails and mocktails into extraordinary beverages that are sure to dazzle dinner guests. The basis for these bubbly beverages starts with a few common items from the fridge and freezer and a flashy finish using Ocean Spray's new Sparkling Juice Drinks.

- Chill out with a sweet twist on a smooth cocktail by combining ice cream with your favorite Sparkling Juice Drink flavor and liqueur.

- Put a cool spin on mixers and avoid watering down drinks by freezing juice in festive ice cube trays.

- Add a refreshing pop of bubbly goodness to seasonal fruit drinks by muddling strawberries, blueberries, pineapples and peaches with a splash of Sparkling Juice and your favorite spirit.

- Dress up gatherings with formal champagne flutes or make guests look and feel extra cool with their drinks served in frosted mugs and glasses.
