

## LET'S USE OUR BRAINS TO END EPILEPSY

EPILEPSY CAN AFFECT ANYONE WITH A BRAIN. IT DOES NOT DISCRIMINATE. IT DOES NOT CARE ABOUT. YOUR RACE. YOUR GENDER. YOUR AGE, YOUR RELIGION. ONE IN TEN PEOPLE WILL HAVE A SEIZURE IN THEIR LIFETIME. ONE IN TWENTY-SIX PEOPLE WILL DEVELOP EPILEPSY. IF YOU HAVE A BRAIN. YOU CAN GET EPILEPSY. PERIOD. BUT HERE'S SOMETHING THAT'S JUST AS IMPORTANT TO KNOW. ANYONE WITH A BRAIN CAN AFFECT EPILEPSY. SO, LET'S USE OUR BRAINS TO DO JUST THAT. LET'S CHANGE THE WAY PEOPLE THINK ABOUT EPILEPSY. THE WAY THEY THINK ABOUT SEIZURES. TO FUND MORE SUPPORT AND CARE FOR PEOPLE WITH EPILEPSY. TO KNOW BASIC SEIZURE FIRST AID. AND SAVE MORE LIVES. TO DO MORE INNOVATIVE BRAIN RESEARCH. TO CREATE A SOCIETY WHERE THOSE WHO LIVE WITH EPILEPSY. LIKE ME. CAN BE OPEN ABOUT IT. TO FIND CURES. TO FIND CURES. TO FIND CURES. BECAUSE IF ALL OF US CAN GET EPILEPSY. ALL OF US CAN END EPILEPSY. WE JUST NEED TO USE OUR BRAINS. I'M USING MY BRAIN TO END EPILEPSY. BY CREATING AWARENESS. ADVOCATING FOR MY SON AND FOR MYSELF. BY TAKING CARE OF MY CHILD. FOR SCARLET AND JASPER. LET'S USE OUR BRAINS. LET'S USE OUR BRAINS. LET'S USE OUR BRAINS TO END EPILEPSY.
