

ANEMIA AND KIDNEY DISEASE: GET YOUR DOCTOR CONVERSATION GUIDE

SHERYL GOES TO DIALYSIS THREE DAYS A WEEK. LATELY, SHE'S BEEN FEELING WEAK, TIRED, DIZZY, COLD AND OUT OF BREATH. AT FIRST, SHE WAS UNSURE OF THE CAUSE OF THESE SYMPTOMS.

LUCKILY, SHE CAME ACROSS THE DOCTOR CONVERSATION GUIDE FOR ANEMIA ON KIDNEY-FUND--DOT--ORG AND TALKED TO HER DOCTOR ABOUT HER SYMPTOMS. CHERYL'S DOCTOR EXPLAINED THAT THE MAJORITY OF PATIENTS ON DIALYSIS HAVE ANEMIA FOR A VARIETY OF REASONS. ULTIMATELY, IT IS CAUSED BY NOT HAVING ENOUGH RED BLOOD CELLS IN YOUR BODY.

CHERYL'S DOCTOR WAS HAPPY TO SHARE SEVERAL TREATMENT OPTIONS AND RECOMMEND OTHER WAYS TO IMPROVE HER ANEMIA SO THAT CHERYL CAN FEEL LIKE HERSELF AGAIN.

VISIT KIDNEY-FUND--DOT--ORG--SLASH--ANEMIA--DASH--E-S-R-D, DOWNLOAD OUR FREE DOCTOR CONVERSATION GUIDE AND TALK WITH YOUR DOCTOR OR ANOTHER MEMBER OF YOUR HEALTH CARE TEAM TO FIND OUT MORE ABOUT YOUR ANEMIA SYMPTOMS AND TREATMENT OPTIONS.
