

YOUR YARD

HERE'S THE SECRET TO A BEAUTIFUL, LONG-LASTING DECK WITH THE WARMTH OF WOOD.

DON'T USE WOOD. UPGRADE TO COMPOSITE DECKING. FIBERON IS AVAILABLE IN FIVE DISTINCT STYLES AND TWENTY GORGEOUS COLORS, AND NEVER NEEDS SANDING, STAINING OR REFINISHING. YOU'LL SPEND MORE TIME ENJOYING YOUR DECK AND LESS TIME MAINTAINING IT. STAIN AND FADE RESISTANT, COMPOSITE DECKING WON'T DECAY LIKE WOOD. AND NO NEED TO WORRY ABOUT SPLINTERS OR NAIL POPS.

FOR WOOD LOOKS THAT LAST, YOU CAN CHOOSE LONG-LASTING, LOW-MAINTENANCE COMPOSITE DECKING.
