Mopar Enhances Styling And Helps Protect New Jeep® Liberty

Unlike aftermarket manufacturers, Mopar offers accessories designed specifically for the new Jeep® Liberty.

(NAPSA)—The Jeep® Liberty brings new style to sport utilities. Mopar helps enhance and protect that styling with a variety of accessories.

Mopar's *Tubular Brush Guards* and *Grille Guards* were specially designed for the new Liberty. They feature a rugged steel sub-structure to help protect against branches and other everyday encounters. Featuring a wrinkle-free appearance, these guards have been designed and tested to ensure against interference with lights or airbag deployment. Plus all fasteners are coated and tested to a 480-hour salt-spray standard for optimum corrosion resistance. The *Brush Guard* includes headlamp protection and comes in gray, all body colors, and chrome with gray or black accent. The *Grille Guard* is available in gray or black.

Tubular Side Steps and *Molded Running Boards* can help ease you in and out, allow easier access to the roof rack, and feature an extra-wide stepping surface. Side Steps are available in gray or black steel, aluminum and chrome. Running Boards are made of high-strength aluminum

with a Santoprene® cladding, are skid resistant and available in all body colors, gray, or primed and ready to paint.

Cross Rails are essential when adding one of Mopar's many *Racks and Carriers*. These heavy-duty, silver anodized aluminum cross-bars feature a design wind tunnel tested for noise reduction and can support loads of up to 150 pounds. The *Cross Rails* attach to Original Equipment Roof Rack side rails to support many other Mopar Accessories, such as *Luggage Carriers*, *Ski Carriers*, *Bike Carriers* and *Water Sports Carriers*.

Mopar *Splash Guards* protect the lower body panels from mud, salt and other road debris. Custom contoured to fit Liberty's body panels, three styles are available: *Flat*, *Molded* and *Thick Rubber*. All feature the Jeep logo and are sold in pairs.

All Mopar Accessories are covered by the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Limited Warranty, whichever is more favorable to the customer. For information on these or any other Mopar Accessories, see a Jeep Dealer near you.
