(NAPSA)—You can stand out from the crowd in sizzling style with help from a star in the know—beauty entrepreneur and mom-on-the-go Kimora Lee Simmons.

She created a new cosmetics line to reflect her lifestyle—urban hip-hop culture and luxury at an affordable price.

Gloss can be a girl's best friend, making you feel fabulous in seconds, says Kimora.

Her suggestions:

Start at the top. Distinctive, fabulous sunglasses can transform even a tank top and shorts into a glam “look.”

Great on-the-go gloss can take you from work to evening to weekend. Kiss Kit is a palette of six mix-and-match shimmering glosses.

Smell yummy by dusting KLS decadent Chocolate Shimmer Powder anywhere you want to sparkle—cheeks, eyes, décolleté, legs.

Shoes can make an outfit, so go for something with splash—sequins, beads, camouflage, thongs, espadrille flip-flops.

For a shiny smile, consider Fabulosity Glossamer to plump lips with a cooling minty tingle.

Simmons's KLS Cosmetics are at Sephora stores, www.sephora.com and www.kls.com. Baby Phat Fashions are available online at www.babyphat.com.
