

Small Gifts Bring Big Smiles This Holiday Season

(NAPSA)—The holiday season can mean a busier than ever social calendar, extra activities and assignments for the kids, family-get-togethers and a long shopping list. Save time when you follow these inspiring gift suggestions and wrapping tips for the special girls on your list.

Gift Suggestions for Girls

• Chances are if it's new and cool, they'll want it. Great ideas include gift sets of bath and body care products and accessories in bright and sparkling colors and scents. They can make any girl feel good about herself and are available in a variety of lightly scented fruity fragrances including Strawberries & Cream, Berry Grape, Kiwi Kooler and Orange Tango.

• Small bottles of Sparkly Body Wash, Shimmery Lotion and Skin Spritz are great stocking stuffers. Smaller, conveniently-sized bottles offer variety and easily fit into a purse, sports bag or backpack, for the feeling of freshness any time.

• Personal accessories such as satin door hangers, mini mirrors, footsie brushes, slumber masks, bath pillows and fun hooks are great inexpensive gifts, or cute package toppers for any girl on your list. They're terrific when you want to stretch your budget or when your daughter needs several gifts for a group gift exchange, which has become so popular today. The ones made by g.l.o.w.-Girls Leading Our World™ are smartly priced from \$1.50 to \$3.75.

• For a special gift sure to give any girl a lift, look for shimmer puffs, which contain shimmery powder that is good for the holiday season and beyond.

• Surprise your daughter, niece or other special girl on your gift list with a collection of affordably priced yet indulgent bath and body products such as a body brush or sponge, bath pillow, slumber mask, soothing eyelid mask and an overnight kit of bath and body care products.

That's A Wrap

Wrap your thoughtfully chosen gifts beautifully, creatively and quickly for only pennies apiece.

• Decorate white or brown paper bags with stickers, stamps and glitter then tie with a colorful ribbon. No tape is necessary. You will conserve paper and save money.

• Tie a small personal accessory such as a mirror or key chain to the package for an extra treat and an instant smile.

• Purchase a large quantity of white tissue paper. Bunch a few sheets of tissue around each gift and tie with a small piece of tulle

or wire ribbon purchased in a discount or craft store for a beautiful finishing touch that makes each one of your holiday gifts memorable.

g.l.o.w.-Girls Leading Our World offers a comprehensive line of affordable high-quality bath and body accessories and products for girls. Available nationally in mass merchandise and drug stores, the products come in a variety of fragrances, colors and characters that appeal to the individuality of each girl. The line focuses on the inner beauty and individuality of girls while instilling self-assuredness and confidence. The company says its consumers stand out because they celebrate differences, appreciate individuals and respect others, while they focus on making the world a better place.
