

Thrillers & Mysteries

Cold War To Cell Phones

(NAPSA)—Best-selling author Steve Martini combines fact and fiction in “Guardian of Lies”—his most electrifying novel yet. A breathless tale involving rare coins, an ex-CIA agent, a ruthless assassin and a conspiracy stretching back to the days of JFK and the Cuban Missile Crisis, the new paperback (Harper paperbacks, an imprint of HarperCollins Publishers) provides insight into the historical ramifications of the Cold War, as well as the modern-day practices of government agencies—exploring how the CIA and FBI track citizens and terrorists alike using cell phone technology.

Steve Martini, author of first-rate legal thrillers, takes on the Cold War in a new paperback.

characters, “Guardian of Lies” shows us what happens when a man’s back is against the wall, when trust and patriotism are under fire.

Martini’s newest hardcover release, “The Rule of Nine,” will leave new readers and fans on the edge of their seats, as defense attorney Paul Madriani tracks an extremist totally intent on destroying the entire Supreme Court. Both books are available where books are sold or through www.harpercollins.com.

A dramatic novel filled with cinematic scenes and an unforgettable cast of characters, “Guardian of Lies” shows us what happens when a man’s back is against the wall, when trust and patriotism are under fire.
