## Make Your Mother Smile

(NAPSA)—This year a growing number of sons and daughters are finding a way to honor their mothers while also doing a world of good for families in need. They are giving meaningful Mother's Day gifts through charities committed to assisting children and families living in poverty.

**DOING WELL BY DOING GOOD—Mothers are sure to smile when you honor them by doing good for families in need.**

For example, through the World Vision gift catalog, it's possible to provide health care for three new mothers in Bangladesh for only \$36. You can also help a woman in Mali learn to read and write through a gift of \$30. When you choose these or a wide variety of other gifts, your mother is sent a beautiful card describing the gift. You can be assured that your gift will be remembered and that it will have a positive effect on someone else's future.

People have found these are all ways to do something different for Mother's Day that's sure to make mom smile.
