Accessorize In Sync With Your “Stars”

(NAPSA)—Have some fun with fashion and ask yourself: What do your stars say about your style? Liz Claiborne Accessories has the answers. From charm bracelets to hand bags, what you wear may say a lot about your personality and astrological character traits.

For example, down-to-earth and focused Capricorn knows what she wants and what she likes, including a love for vintage pieces. She'll love simple sterling accessories like pendant necklaces or brooches.

In the excessive yet sophisticated Libra, a sense of balance speaks volumes about her personality. A chain belt paired with bunches of jet or lavender beads on wrists and neck can be a perfectly fashionable combination.

Considered cool, calm and collected, Virgo shines with simple updated doctor's bag. Add a pair of rimless sunglasses for a smart seasonal look.

Practical, classic, even eccentric—Liz Claiborne has everything you need to meet your accessory needs. For more information, contact 1-800-555-9838 or visit their Web site at www.lizclaiborne.com.
