Plus Size Dressing Gets S.M.A.R.T.

(NAPSA)—Elisabeth by Liz Claiborne has come up with absolutely the easiest way for plus size women to shop and dress. It's all about simplifying and getting **S.M.A.R.T.** Shopping on-line for a wardrobe that perfectly fits her lifestyle has never been easier.

**S.M.A.R.T.**....for work, think **Smart**—simple equals great, with clean lines and easy pieces such as a sheath dress with a matching long jacket. Think **Modern**—the clean white tank and five-pocket jean topped off with the almond crocodile printed cotton jacket as shown here. Think about **Alternatives**—take the alternative route by mixing up prints with stripes and layering pieces. Think **Relaxed**—when you need time out opt for drawstring pants and cotton lightweight sweaters, polish the look with a scarf tied at the neck and the look is comfortable but still sophisticated. Finally think **Timeless**—with a perfect pantsuit for a look that is perpetually classic.

To learn more about smart dressing options and to purchase smart apparel designed specifically for plus-size women, visit [www.Elisabeth.com](http://www.Elisabeth.com) today. It's never been easier to be smart.
