Casual, Carefree Looks That Express Who You Are

(NAPSA)—Looking ahead to cool fashions for warm weather, the mood is carefree with simple, comfortable clothes that let you look and feel your best.

Here's a season without a formal dress code, featuring colorful, casual looks that express who you are and what you're doing throughout the day.

From street cool to business casual to gym fashion—the lines of leisure, business and after-five dressing are blurred this coming season.

Whether it's time to work out or time to work, "flexible" is the buzzword for spring/summer fashions that look great almost anywhere.

Today's fitnesswear is inspired by the trendsetting fashions of the runway. Stylish capri pants, roll-up pants, shorts, jackets and vests in colors that burst with energy echo the new designer looks for spring.

Even classic styles take on a new flair as a basic tee or sweat-shirt turns into night glamour when paired with sexy fabrics such as leather or this season's hot, new after-five skirts and pants styles.

Lady Foot Locker unveils a collection of new looks that are ready-to-go, ready-to-move and ready-to-wear.

Here's a sneak peak at the season's new looks for spring:

Be carefree and casual this spring in stylish capri pants and vests in vibrant shades.

Captivating Colors and Coordinates

Captivating brights like vibrant yellow, aqua, citrus and lime top the color charts as comfy capri pants and on-the-go vests are fashion must-haves.

Combine pieces for a total head-to-toe look or wear as separates to create a one-of-a-kind fashion statement.

Matching footwear with stylish silhouettes and colors complete a look that's cool, casual and totally together.

Be Carefree Chic in Capris!

Capris are found in solid brights and trimmed with stripes, gingham and plaids. Featured in high-tech microfiber, rip-stop fab-

rics, the new season's collection of capri pants comes in a variety of styles and colors for \$32.

Keep Up the Pace with Jackets and Vests that Are On-The-Go

Whether driving your child to soccer practice, running to the gym or shopping with friends, look stylish in zip-front hooded jackets and vests that are great on their own or paired with matching pants. Jackets are \$60 and vests are \$45 in a range of mix-and-match colors and styles.

Footwear Fits Like a Glove

Completing the fashion look are new footwear styles with revolutionary features and materials, such as the Nike "Presto" collection with its snug fit and mesh upper.

As the dominant athletic retailer devoted exclusively to women, Lady Foot Locker offers a large selection of branded athletic footwear, apparel and accessories for fashion and sport from all major national brands, including Nike, adidas, Reebok, New Balance, K-Swiss, Puma, Saucony, Ryka, Asics, Actra, Skechers, Converse and more.
