

MAKING LIFE MORE FUN

Tackling A New Football Game—Wireless

(NAPSA)— Authentic football action is now available in the most surprising place—your cell phone. The latest thrill for football fans is “JAMDAT SPORTS NFL 2005.” Offering all 32 teams and logos, as well as rosters made up of real NFL players, the game allows players to relive the excite-

Kicking off the season is a new football video game so real you can feel a jarring tackle.

ment of the NFL anywhere on their mobile phones. “NFL 2005” gives players the option to play a single game, quick seven-game or full 16-game season that even includes play-offs. Other features:

- Vibration feedback lets you feel the power of the NFL tackle.

- Color-coded indicators let you immediately see open receivers or take a chance and throw into double coverage.

- A realistic full field gameplay experience allows players to relive the strategy, glory and sheer power of the NFL.

- A full playbook with offensive, defensive and special team plays makes “NFL 2005” one of the most authentic gridiron experiences available on a mobile phone.

- Detailed graphics with fluid animation and sound make you feel as though you’re on the field.

- Keypad and D-pad control configurations for every style of play.
