

Children's Books

Digital Storybooks

(NAPSA)—Experts agree that reading is one of the most fundamental and important skills children need to learn. And thanks to today's digital technology, youngsters will now be inspired to read with a fun new way to enjoy classic stories.

Moving Picture Books is a line of digital, high-quality children's book favorites. The titles—including such favorites as "I Know an Old Lady Who Swallowed a Fly" and "On Top of Spaghetti"—are available on DVD or as an applica-

A new line of storybooks merges digital technology with classic tales to inspire children to read.

tion for the iPhone and as a download from www.movingpicturebooks.com.

In either format, readers see fully animated stories and hear voices of children and adults narrate the story. Each book is packaged with English and Spanish narration-only versions in addition to the read-along versions with text. The text versions highlight the words as they are read. Children are treated to the surprise of movement and sounds as the stories come to life.
