

# GIFT GIVING IDEAS

## Offer Peace Of Mind To Your Loved Ones This Holiday Season

(NAPSA)—From birth certificates and insurance papers to licenses and wills, everyone has something to protect. Consider giving a waterproof, fire-resistant security chest or file to that someone special.

It's the gift that can provide the year-round value of protection and peace of mind.

According to the National Fire Protection Agency, every 18 seconds a fire department responds to a fire somewhere in the U.S. And, about 85 percent of reported structure fires occur in resident homes. This is why safeguarding valuables and important documents in the home should be a priority.

Fire-Safe® Security chests and files can protect a number of items, including:

- Titles and Registrations
- Investment Records
- Passports
- Jewelry
- Stocks and Bonds
- Collectibles
- Mementos

According to research done by the National Climatic Data Center, over the past 15 years floods and hurricanes in the U.S. have resulted in damages exceeding \$185 billion. That's why consumers should always look for proper certification to ensure that the product has passed rigorous safety tests, including a water submersion test. This means that your valuables will really be protected in the event of a disaster, or

other simple water-related problems such as basement flooding.

Sentry® Fire-Safe® Waterproof security chests and files have been tested by the independent testing firm ETL Semko and certified to comply with the manufacturer's specifications for waterproof submersion. Each Sentry® Fire-Safe® Waterproof product has a waterproof seal, insulating the interior from water, and a spring latch that seals the unit, even when unlocked. And, all of the Fire-Safe® Waterproof units carry a UL classification for fire endurance meaning that the interior of the unit and its contents are guarded from extremely hot flames during a typical fire.

Help your friends and family safeguard their valuable belongings by giving them the gift of a security chest or file.
