## Healthy, Fun-To-Eat School Lunches

(NAPSA)—Getting high grades from parents, students and toddlers is a line of lunch box-friendly grab-and-go products, including Horizon Yo-Yo's cup yogurt and Horizon Organic Yogurt tubes, which along with Horizon Organic's other healthy snacks, such as Fruit Jels, puddings, single serve milks and cheese sticks, provide all the makings for a nutritious lunch.

In tune with the grab-and-go lifestyle, healthy organic snacks are being seen in school lunch boxes.

A great way to make sure your kids are eating a wholesome and healthy diet free of antibiotics, growth hormones and pesticides is to send them to school with a lunch box full of organic products. Horizon Organic offers the following tips: Be a role model at home. Since kids learn from what they see, take them grocery shopping and point out the benefits of healthy food. Use descriptions that resonate, such as food being good for building muscle and running faster.

Parents can have peace of mind that their kids are eating right while they are at school and with Horizon Organic products, it's easy to pack a lunch box with fun-to-eat foods.
