Create A Delicious Race Car

(NAPSA)—Race car rookie sensation Marcos Ambrose drives the #21 and #47 Little Debbie Ford. Now you can create your own Little Debbie Sprint Cup race car to snack on while you watch the race on TV.

Ingredients:

- $\frac{1}{2}$ cup powdered sugar
- 1 to $1\frac{1}{2}$ teaspoons whipping cream
- 9 Little Debbie Marshmallow Treats
- 8 Little Debbie Swiss Cake Rolls
- 12 hard cinnamon candies
- 6 jelly beans

Directions:

Whisk sugar and whipping cream until smooth. Cut 3 Marshmallow Treats in half, crosswise. Spread thin layer of frosting on each; then place each half, frosting side down, in the center of 6 remaining whole Marshmallow Treats. Turn cars on sides. Slice Swiss Cake Rolls $\frac{1}{4}$ -inch thick to create wheels. Attach 4 wheels to the car. Attach cinnamon candies with frosting on each car to form headlights and one jelly bean with frosting on front for the grille.

Makes six race cars.
