Gourmet Treats To Go

(NAPSA)—Here's a gift idea in good taste: creatively packaged foods from around the country shipped directly from the chefs that create them.

Overnight delivery of gourmet treats, from Maine lobster to New York cheesecake, goes down well with gift givers and getters.

The company responsible for this gift idea carefully selects fine foods from the best chefs and bakers and unites them in scrumptious collections.

In addition to Basket Goods, Chocolate and Candy, Meats and Seafood and Seasonal Gifts, TastyGram features regional specialties, such as Chicago deep-dish pizza, New York cheesecake and fresh Maine lobster. Each item is shipped with a free tin of mints and personalized greeting card, along with facts on the food, how it's made and the talented folks who made it.

A sister company of the Vermont Teddy Bear Company, TastyGram carries the same 100 percent satisfaction guarantee. All items can be shipped overnight if ordered by 11:00 a.m. Eastern Time. To place an order or find out more, call 1-800-82-TASTY (1-800-828-2789) or visit www.tastygram.com.
