

YARD WORK MADE EASIER

WHEN THE SEASONS CHANGE, MANY A MAN'S—AND WOMAN'S—FANCY TURNS TO THOUGHTS OF BEAUTIFYING THE BACKYARD. WHEN IT COMES TO GETTING YOUR OUTDOORS IN SHAPE, VERSATILE POWER TOOLS CAN SAVE YOU EFFORT AND ALLOW FOR MORE TIME IN GETTING CREATIVE ABOUT WHAT GROWS WHERE. FOR EXAMPLE, YOU CAN NOW USE THE HONDA VERS-ATTACH—ONE MACHINE WITH AN INTERCHANGEABLE EDGER, LINE TRIMMER, BLOWER, HEDGE TRIMMER, PRUNER AND CULTIVATOR. WHAT'S MORE, THERE ARE TWO VERSIONS, EACH POWERED BY A HONDA FOUR-STROKE ENGINE. ALL THE ATTACHMENTS FIT QUICKLY AND SECURELY WITH NO TOOLS REQUIRED, AND AN ANTI-VIBRATION SYSTEM MEANS IT'S MORE COMFORTABLE TO USE, TOO. THE FOUR-STROKE ENGINE TECHNOLOGY ELIMINATES THE NEED TO MIX FUEL AND OIL, SAVING YOU TIME, MONEY AND THE FRUSTRATION OF TRYING TO GET THE MIXTURE RIGHT. OFTEN, THE ENGINE IS QUIETER THAN ORDINARY TWO-STROKE DEVICES AND IT WORKS IN ANY POSITION: UP, DOWN OR SIDEWAYS. ALL IN ALL, YOU MIGHT JUST GROW VERY ATTACHED TO IT. TO LEARN MORE, GO TO HONDA--DOT--COM.
