

FIRE SAFETY SUGGESTIONS

THERE ARE OVER THREE-HUNDRED THOUSAND RESIDENTIAL FIRES IN THE U-S EVERY YEAR, REPORTS THE NATIONAL FIRE PROTECTION ASSOCIATION—BUT A FEW SIMPLE STEPS CAN HELP KEEP YOU AND YOURS OUT OF SUCH STATISTICS. THESE PRECAUTIONS INCLUDE: INSTALL SMOKE ALARMS IN EVERY BEDROOM AND ON EVERY LEVEL OF THE HOUSE, INCLUDING THE BASEMENT. TEST THE ALARMS MONTHLY AND REPLACE THE BATTERIES WHEN NECESSARY BUT AT LEAST ONCE A YEAR. MANY EXPERTS SUGGEST NINE-VOLT LITHIUM BATTERIES ARE BEST. LEARN MORE AT RAYOVAC--DOT--COM.
