

HINTS FOR THE HANDY

THE RIGHT EQUIPMENT CAN MAKE SHORT WORK OF YOUR "TO-DO" LIST. CONSIDER, FOR EXAMPLE, AN OFF-ROAD VEHICLE. IT WILL REMOVE DEAD BRANCHES AND TOW OUT BUSHES WITH A FRONT WINCH OR A REAR TOW STRAP. USE IT TO HAUL LUMBER AND SAVE YOURSELF SOME SPLINTERS. RAKING TAKES A LOT OF TIME BUT NOT WITH A PULL-BEHIND RAKE ATTACHED TO A VERSATILE POLARIS RANGER SIDE-BY-SIDE. FINALLY, AFTER ALL YOUR HARD WORK, YOU CAN TAKE THE VEHICLE OUT ON THE TRAIL FOR SOME FUN. LEARN MORE AT POLARIS--DOT--COM--SLASH--E-N--HYPHEN--U-S--SLASH--RANGER--HYPHEN--U-T-V.
