

CAR CORNER

DON'T LET THE JOYS OF WARM-WEATHER DRIVING BE DIMINISHED BY POLLEN AND POLLUTANTS DRAWN IN THROUGH YOUR CAR'S AIR-CONDITIONING AND VENTILATION SYSTEMS. CABIN AIR FILTERS CLEAN THE INCOMING AIR, REMOVING ALLERGENS, AS LONG AS THEY'RE REPLACED REGULARLY, SAID RICH WHITE, EXECUTIVE DIRECTOR, CAR CARE COUNCIL. CABIN AIR FILTERS SHOULD BE REPLACED EVERY TWELVE THOUSAND TO FIFTEEN THOUSAND MILES, OR PER THE OWNER'S MANUAL. YOU CAN LEARN ABOUT CABIN AIR FILTERS FROM THE COUNCIL'S CAR CARE MINUTE VIDEO AND FREE DIGITAL "CAR CARE GUIDE" AT CAR-CARE--DOT--ORG.
