

## GO OUT AND PLAY, SAFELY

WHEN YOUR FAMILY IS OUTDOORS ENJOYING NATURE, YOU CAN AVOID THE HEALTH AND SAFETY CONCERNS THAT COME FROM MOSQUITOES, TICKS, BLACK FLIES AND GNATS—AND FROM THE RISKS INVOLVED WITH SOME INSECT PROTECTIONS, TOO. DEET IS USED IN MOST INSECT REPELLENTS BUT THIS CHEMICAL PESTICIDE CAN HAVE NEGATIVE EFFECTS ON BOTH INDIVIDUAL HEALTH AND THE ENVIRONMENT. FORTUNATELY, THERE'S DEET-FREE, ALL-NATURAL BUZZ AWAY EXTREME MADE WITH PLANT OILS AND AVAILABLE IN NONAEROSOL SPRAY AND CHILD-FRIENDLY TOWELETTES. LEARN MORE AT [BUZZ-AWAY-EXTREME--DOT--COM](http://BUZZ-AWAY-EXTREME--DOT--COM).
