

HINTS FOR HOMEOWNERS

YOUR HOME COULD OFFER GREATER COMFORT, SAFETY AND ENERGY EFFICIENCY. HERE'S THE CONCRETE REASON: AN INSULATED CONCRETE FORM HOUSE IS BUILT TO LAST, AND REQUIRES LESS MAINTENANCE THAN OTHER MATERIALS. ICF WALLS VASTLY REDUCE HEATING AND COOLING COSTS, PLUS HAVE THE ADDED BENEFIT OF FILTERING OUT UNWANTED NOISE FROM TRAFFIC, TRAINS AND NEIGHBORS. NUDURA ICFs HAVE A FIRE PROTECTION RATING OF UP TO FOUR HOURS AND WITHSTAND HURRICANE-FORCE WINDS. AT NUDURA, BUILDING HAS EVOLVED. LEARN HOW BY VISITING NUDURA—DOT—COM.
