BETTER BOATING

IF ANY OF THE COUNTRY'S TWELVE MILLION RECREATIONAL BOATS IS YOURS, HERE'S GOOD NEWS: YOU CAN FILL 'ER UP WITH E-TEN, AN EFFICIENT, ECONOMICAL, ENVIRONMENTALLY FRIENDLY ETHANOL BLEND. IN FACT, MOST GASOLINE TODAY IS TEN PERCENT ETHANOL. DESPITE WHAT YOU MIGHT HAVE HEARD, E-TEN IS A CLEAN AND SAFE FUEL THAT'S BEEN APPROVED BY BOAT MANUFACTURERS FOR DECADES. CHECK YOUR OWNER'S MANUAL. HIGHER BLENDS, LIKE E-FIFTEEN, ARE NOT APPROVED, BUT E-TEN IS EXCELLENT FOR ALL ENGINE TYPES, JET SKI TO SPEEDBOAT. LEARN MORE AT ETHANOL-R-F-A--DOT--ORG.
