## TAMPER-RESISTANT RECEPTACLES

ALTHOUGH EVERY YEAR OVER TWO THOUSAND CHILDREN SUFFER SEVERE SHOCK OR BURNS FROM STICKING THINGS INTO ELECTRICAL OUTLETS, YOU CAN PROTECT YOUR OWN KIDS. TAMPER-RESISTANT RECEPTACLES—T-R-Rs—CAN KEEP ANYONE FROM PUTTING ANYTHING BUT CORD PLUGS INTO OUTLETS. THEY LOOK LIKE STANDARD WALL OUTLETS BUT THEIR SPRING-LOADED RECEPTACLE COVER PLATES CLOSE OFF THE RECEPTACLE SLOTS UNLESS EQUAL PRESSURE IS APPLIED TO BOTH SLOTS SIMULTANEOUSLY. PLUS, THESE ARE NOT LIKELY TO GET LOST OR POSE A CHOKING HAZARD. FOR MORE SAFETY IDEAS, VISIT [E-S-F-I--DOT--ORG](http://E-S-F-I--DOT--ORG).
