## AVOID IN-CAR ALLERGIES

ALLERGIES ARE NOTHING TO SNEEZE AT. FORTUNATELY, YOUR CAR'S CABIN AIR FILTER CAN PROTECT YOU FROM THE POLLEN, DUST AND POLLUTANTS THAT CAN GET INSIDE YOUR VEHICLE THROUGH THE HEAT, VENTILATION AND AIR-CONDITIONING SYSTEM. REMEMBER TO REPLACE THE CABIN AIR FILTER REGULARLY, AS PER THE OWNER'S MANUAL. IT'S A SIMPLE WAY FOR YOU AND YOUR PASSENGERS TO BREATHE EASIER WHILE DRIVING. TO LEARN MORE, GET A FREE "CAR CARE GUIDE" BY VISITING THE CAR CARE COUNCIL'S WEBSITE AT [CAR-CARE--DOT--ORG](http://CAR-CARE--DOT--ORG).
