HINTS FOR HOMEBUYERS

THERE'S GOOD NEWS FOR THOSE LOOKING FOR A WAY TO BUILD HOMES THAT ARE BEAUTIFUL, GREEN AND CAN WITHSTAND HURRICANES AND OTHER SEVERE WEATHER, WHICH IS BECOMING MORE COMMON THROUGHOUT NORTH AMERICA. A COMPANY CALLED BLU HOMES IS BUILDING ENVIRONMENTALLY FRIENDLY HOMES DESIGNED TO DO JUST THAT. WHAT SOME MAY FIND SURPRISING IS THE BUILDING MATERIAL THAT'S KEY TO THE CONSTRUCTION—STRUCTURAL STEEL FRAMING. THE COMPANY REPORTS THAT ITS STRUCTURES CAN BE BUILT IN AS LITTLE AS SIX MONTHS AND EVEN WITHSTAND HURRICANE FORCE WINDS. AND BECAUSE EVERY HOME IS CONSTRUCTED IN THE COMPANY'S FACTORY, WEATHER DELAYS CAN BE ELIMINATED. TO LEARN MORE, VISIT B-L-U-HOMES--DOT--COM--FORWARD-SLASH--HOUSE.
